It was great to see the film posters, but I think I expected they could more easily be removed and collected. With the front-to-back format, that's impossible to do. Some posters were tiny, some were two pages, and some were much more risqu than I expected, but it's still a nice stroll down 70s movie lane!0 of 0 people found the following review helpful. Awesome! The editors have compiled a stunning selecti on of the best film posters from around the world - a select ion that

encapsulates the spirit of the 70s and reminds us of the vast and variegated contribution that the decade made to the history of the cinema. '
