David M. Kipen : Film Producers, Studios, Agents and Casting Directors Guide (6th ed) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Film Producers, Studios, Agents and Casting Directors Guide (6th ed):

0 of 0 people found the following review helpful. Sadly misleading By Sam Berger If you are truly interested in a guide book to professional people in the industry, this is a book to ignore. It is entirely dated to the point of absolute frustration. I wonder where the information was gathered. It certainly was not researched. What this is is a misleading "guide" book in an area that shifts daily. It would have been not so bad good if the author had given some guidance on where to find current information, but apparently he thought his list of names was enough.

The most complete, reliable and comprehensive reference book about producers of motion pictures.
