He hasn't even opened Lego's from Christmas yet. He played this by himself for HOURS! Brought it on a hockey tournament to play with his friends - such a simple and perfect gift. His little hands are a little small to keep the goalie pads on (they fit just fine on mine), which cause a smidge of frustration, but he's happy making it work :) 2 of 2 people found the following review helpful. this is awesome!! By Dan J bought it for my cube, love to shoot around when im on the phone , i set up the goalie pads as obstacle and snipe top corner all day , dont really use the plastic "rink" as it tends to fold and my desk works better as a surface but its good quality for the price for sure! 1 of 1 people found the following review helpful. Four Stars By Great Times Fun table game that is oddly challenging with a rubber duck for a goalie

This is a game that the millions of rabid hockey fans around the globe will love. Kit includes a set of finger goalie pads, net, hockey stick, puck, skating rink playing mat, and a 32-page rule book on Finger Hockey.
