A quick, highly enjoyable read, well-worth the time and money. An incisive commentary on modern society and the 21st century life in America. amazon books community posted: 2014-09-26, 4:41 PM EST FOUND!!! craigslist listings by the people for the ppl only in new York and LA eh?? ;) mayonnaise ferrets interns more! serious inquiries only please it is not ok to contact this poster with other services, Posting ID 51557286659 Posted 2014-09-26. 4:41 PM EST A true hero of our times, Darcie Wilder has waded through the masses and written a collection of hilariously absurd Craigslist posts that can only be attributed to New Yorkers and a few Angelinos. A simultaneous satire of and love letter to the cities, Wilder's findings reflect the nature of their inhabitants in often unsettling and intriguing ways, from preteens looking to assist with self-photography to impulsive reptile adoption and old ladies puzzling over their new smartphones. From one of New York's own prolific bloggers, Flagged and Removed is a sardonic testimony of life and loneliness in New York and LA today.
