Four words can speak volumes...By CanklefishI had been a member of the FWFR(Four Word Film Review) online community for a few years when the announcement was made that a physical publication was in the works. With much anticipation I, and several others who stood a chance to have some of their reviews added to the book, waited anxiously for this offering to be completed...It certainly didn't disappoint, and not because I found several of my reviews hidden among the pages. The authors managed to capture the spirit of the site in this book, while staying true to what the online site is all about.If ya don't know, then you should pay a visit to the site and see what all the hub-bub is about. You won't be disappointed. [fwfr.com]Hey Ma, I'm freakin' published...!-Canklefish7 of 7 people found the following review helpful. Forward, Four Word!By MooseI am amazed

at this labor of love. From a little website brainchild comes the collective genius of a world of four-word film reviewing enthusiasts. The brilliant Messrs. Clews and Onesi have produced a modern classic. I've been a long-time website enthusiast and know many of the reviews there, but I find myself repeatedly going back to the book to get a chuckle, and it never fails me. I'm already wearing out the covers! This one is a must have. 4 of 4 people found the following review helpful. Four words for Four Word Film Reviews By Charli MacSnort out loud funny! Laughed so hard I nearly peed my pants. Definitely the next coffee table read. A must have, especially for parties, get togethers, long car rides, and ahem the lavatory. Can't stop laughing or finding 4 words to describe things.

In four words or less, this book brings together movies from across the multiplex. So whether you like the Coen brothers (Fargo: Chipper cop; chipped criminal) or the Farrelly brothers (Dumb Dumber: Two guys, zero brains), you'll get a laugh from these online critics' witty review reductions. This book is your must-read guide to over 400 movies--brought to you in 3D so real you can flip the pages for less than the price of admission to Michael Bay's latest pyrotechnics display. Action! Adventure! Comedy! It's all inside for your viewing pleasure. And be sure to stay after the credits for the Four Word Film Review Quiz to see how well you really know your movies. Four Word Film Reviews: Condensed content, big laughs.
