**Joe Osborne : Fox Hollows** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fox Hollows:

The dialogue is sharp and the plot moves along nicely.I could really see it like a movie unfolding in my mind. Looking forward to reading more of this author's work (and hopefully maybe seeing it on the big screen someday).

Peter and Chris are two brothers and paranormal investigators who are eager to get their big break with their show.

Along with their friend and cameraman Ethan, Chris's girlfriend and a psychic from Notre Dame they take off on a road trip to Indiana's town of Carmel. It's there they plan on investigating the abandoned estate of serial killer Herbert Baumeister called Fox Hollow Farm. While the rest of the team thinks they have permission to be there no one knows they are out there. Not everyone will live, and you can't truly trust what your eyes are shown.
