studied the four gospels concerning the arrest, trial, death, burial, resurrection and ascension of Jesus and put them all together in an amazing book. When most books on this subject only use one of the gospels as a basis, Dr. Kelly uses all four. He successfully places you right in the middle of all the action as if you were really there. You can't help but get anxious and excited as you read through the pages. The book is written in a movie script format and could easily be adapted into a movie or play. If you would like to know what happened in the life of our Lord without having to bounce between the gospels, this book is for you. 1 of 1 people found the following review helpful. LightBy Bet331Dr. Kelly did an excellent job with the Harmony of the Gospels concerning the death, burial, resurrection and ascension of Jesus Christ. I found the book very enlightening and thought provoking. Every Christian should read this book. The book made me feel as if I attended the actual event while it was taking place. The book spoke to my heart and soul. Outstanding book, excellent for Easter and Christmas skits. 1 of 1 people found the following review helpful. The Harmony Masterpiece By BroPraise What I wonderful, powerful, anointed MASTERPIECE. Dr. Kelly's account from Gethsemane to Ascension is an in depth account through biblical teaching of one of the most important events in Christian religion. Dr. Kelly also has a keen sense of humor depicting certain characters during this event. A must have in your Christian library. GOD BLESS DR. KELLY!!!

Unlike every Easter-Passover-Resurrection documentary, play or movie ever produced this book incorporates every text, every movement and every conceivable thought found within the Bible. It is truly The Ultimate Harmony of the Gospels for Jesus' last days on Earth. Working from numerous harmonies of the Gospel, Dr. Russell Earl Kelly has merged the four biblical accounts from Christ's arrest in the Garden of Gethsemane to His ascension into one continuous smooth story line. The many so-called discrepancies and contradictions melt away in these five acts written in conversational style. Although some events are fictional they reflect what probably occurred between the lines of God's Word. Kelly has attempted to honestly portray the feelings behind the words that lead up to the gospel presentation when Jesus reveals Himself in the upper room. The final act suggests that a modern video presentation be used to dramatically portray both the ascension and return of Jesus in glory. Russell Earl Kelly is also the author of *Should the Church Teach Tithing? A Theologian's Conclusions about a Taboo Doctrine* and *Exposing Seventh-day Adventism*. His research and resources was reflected in the Wall Street Journal article, *The Backlash against Tithing* in November 2007.
