Olaf "melted" before he was fully assembled on multiple occasions. 5 of 5 people found the following review helpful. Cute version of melting snowman By CustomerFun for Frozen fans. A little disappointed in the size of Olaf. I think they could have done better with that. I wouldn't purchase for small children because of the small pieces that they may put in their mouth. Over all it is a cute version of the melting snowman. 1 of 1 people found the following review helpful. The gift that keeps on giving By Molly Danae Anderson I got this for my best friend for Christmas and we were laughing hysterically for days - I'm talking crying laughing. It's the gift that keeps on giving.
