From Brand: Wayne State University Press : Full of Secrets: Critical Approaches to Twin Peaks (Contemporary Approaches to Film and Media Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Full of Secrets: Critical Approaches to Twin Peaks (Contemporary Approaches to Film and Media Series):

1 of 1 people found the following review helpful. Five StarsBy Christy D CirinoMeaty analysis on the series. Not for lightweights.2 of 5 people found the following review helpful. full of revelationsBy Karl M. WielgusTwin Peaks offered a door into that which is below the Matrix that we assume is "reality." In many ways it is like the red pill that Morpheus offers Neo. This book explores the various elements in the show that opens up vision. To see more does not mean there is some final answers. What does happen is-- what we assume proves to be wrong. When we hear the music of the show it is not just supportive sound, when we see people act they are not carrying out the cliches of the ordinary. We see the typologies of our pop culture but the cliches of their characters are violated or turned upside down. There is humor in the show because humor liberates and the apparent order of the town is seen to be an accomplishment of all kinds of human evnergy and possibility hidden below the cliches. If you hated the show-- the book will be of no value. IF you liked the show or are passionate about the work of David Lynch-- this book can give you words and pathways to walk to learn why.0 of 1 people found the following review helpful. AwesomeBy RoseLoved it :)

Full of Secrets contains virtually everything you need to know about Twin Peaks. This fascinating collection of essays considers David Lynch's politics, the enigmatic musical score, and the show's cult status, treatment of family violence, obsession with doubling, and silencing of women. Also included are a director and writer list, a cast list, a Twin Peaks calendar, a complete scene breakdown for the entire series, and a comprehensive bibliography.
