Very good basic funk rhythm guitar instruction book. Suitable for experienced intermediate guitar learners - or a more advanced player not familiar with funk rhythm technique. Strong on the crucial 16th note strumming pattern. Well explained and easy to follow logic and examples. Comes with access to audio database for examples of the correct way to play the written rhythm pattern. Lots of useful exercises to get the player through the phases of the different possible rhythms - including mixing quarter note time with triplets. It also covers the most common chords

used and their extensions and gets into some single note playing funk lead approaches too. But the focus of this book is to get the student fully grounded in the rhythm element of funk guitar. The instruction is good without confusing the student. Get this book if that is what you want to learn. 3 of 3 people found the following review helpful. Another Masterpiece by Joseph Alexander - Awesome as always. By Renee M. This is the 6th book I've purchased by Joseph Alexander and it didn't disappoint. I've never before been able to find a great funk guitar theory book. Since the Red Hot Chili Peppers are my favorite band, I learned the songs but never had a real good understanding of the theory behind the Funk guitar fretboard until now. Thank you! 0 of 0 people found the following review helpful. Improved My Funk Guitar Playing. By Jeffrey D. I have been looking for a source of information that would help me improve my playing ability in funk and RB music. I wanted to improve my rhythm playing and articulate fills within this style of music. Funk Guitar Mastery is the perfect source. It breaks down every aspect of the style and highlights the fundamentals required to authentically play in the funk style. The examples are thorough and expertly arranged. The backing tracks excellent for helping to re-enforce the technique being examined. I would recommend this book to anyone wanting improve their guitar playing in the funk genre.

Understand and Easily Master Funk Rhythm Guitar This 104 page, detailed guitar method builds the rhythmic and melodic skills you need to be an excellent funk guitar player. Funk Guitar Mastery contains 169 Audio Examples and 12 Backing Tracks from Quist so that you can hear and apply every single idea in the book. Build and Understand Funk Rhythms to Develop Great Musical Feel Funk Guitar Mastery focuses on developing the rhythmic and technical skills needed to develop and understand how a funk guitar part functions and sits in the band. As proficiency is developed, funky chords, riffs, techniques and approaches are added to get you grooving like a pro. Great Musical Feel is Developed Through Great Musical Practice Funk is a music based on rhythm and feel. Long periods of static chord vamps come alive by the use of subtle and varied musical techniques, and these techniques must be built on a foundation of rock-solid rhythmic control. To build the rhythmic skills needed to play tight funk guitar (or indeed, any music), guitarists must learn to accurately perform almost any rhythm on the guitar before learning how to sit tightly in the groove of the song. Funk Guitar Mastery Develops Perfect Rhythm from the Ground Up The first half of Funk Guitar Mastery focuses on developing tight, accurate rhythm skills from first principles. For guitarists, funk is a music that is all about playing accurate and groovy 1/16th notes. Every possible pattern of 1/16th notes is addressed and then combined into original and authentic funk guitar parts. Essential skills such as scratches, rests, triplets and chord stabs are also introduced. The second half of the book introduces the vital elements of groove, chord embellishments (such as adding slides and melody notes), chord progressions, riff based ideas and improvisation. Both halves combine seamlessly to develop creative, musical and interesting funk guitar parts. Throughout, the emphasis is on listening to, and locking in with the bass and drums to help you form a tight, functional, grooving rhythm section. Funk Guitar Mastery: Understand and develop excellent funk rhythm guitar skills Over 160 notated examples with audio 12 backing tracks Chords, riffs, progressions and scales Learn to improvise your own funk guitar parts Lock in with the bass and drums to 'Play in the Pocket' Practice and tone tips All the backing tracks have been made by the legendary Quist, they're fun and funky and will keep you jamming all night!
