2 of 3 people found the following review helpful. A reminder of the good timesBy Chris McGranaghanThis book delivered exactly what I expected. This is a very quick read and can serve as a reminder that no one is safe on either side of the wall.0 of 2 people found the following review helpful. Five StarsBy jill johnsonCool book. There was even people I didn't know were dead.5 of 6 people found the following review helpful. Small and outdatedBy Jeff S.Berric Dondarrion shows up on 6 pages throughout the book. The exact same page about Berric 6 times. Maybe it's supposed to be a joke, but it feels like a printing error. The book is small (in size and length) and some of the characters covered aren't memorable, plus it's now outdated. An online recap would be better.

Game of Thrones: In Memoriam is a tribute to some of the most memorable characters that have died during the course of the first four seasons. The book includes quotes, brief character profiles, and is fully illustrated with series photography throughout.
