**David L. Whitaker : Games, Games, Games: Creating Hundreds of Group Games Sports** before purchasing it in order to gage whether or not it would be worth my time, and all praised Games, Games, Games: Creating Hundreds of Group Games Sports:

Show play leaders how to come up with variations of tried-and-true games to keep them exciting. Guidelines on facilitating children in creating their own games and sports, using a minimum of props and a lot of imagination! In all there are 45 games and sports presented in this book, and variations with each that can lead to hundreds of other

games. Games and sports are initiated and directed by the children rather than adults.
