It really brings the characters out and you learn so much about the families. The books is pretty thick and full of great content. I have yet to get through the whole book because each page is something different and I have not yet gotten bored. There are various tidbits from each character like many of character's facebook pages (Gavin, Bryn, Stacey etc.), Essential Facts by Nessa, Doris' dating tips for Girls and Boys, Bryns film recommendations, Smithy's Home-Brew instructions, one of my favorite was Stacey's break-up letters to her ex-fiances explaining why she was breaking up or dumping them lol. There are pictures, ratings and descriptions of each of her past fiances, which was quite fun to read. Another one of my favorites so far was Gavin's Terrorist Incident Report, which is the report that was written by the police after Gavin jumped the turnstill and was arrested

while proposing to Stacey, it was a very funny read. There is so much more in this book but I'll update my review when I've gotten through more of the book. So far it has been full of laughs and great and interesting facts. James Corden and Ruth Jones have outdone themselves once again. 0 of 0 people found the following review helpful. Perfect companion to the show. By KitKateA must have for any fan. Tons of running gags, background info, and everyone writes in character. Would love more behind the scenes info about the making of the show, but this is clearly a companion piece, not an expose. Hilarious, and worth it. Good hardcover copy, too. 0 of 0 people found the following review helpful. Gavin Stacey is my favorite television series of all time. By ManchesterGavin Stacey is my favorite television series of all time. This book is a must for any Gavin Stacey fan. Lots of extra fun facts about the show. I highly recommend this book.

If only it was just the two of them. Gavin is an ordinary boy from Essex. Stacey is an ordinary girl from South Wales. The result is a double BAFTA award-winning hit BBC comedy that has become the biggest show since Little Britain. For the first time, Gavin, Stacey, and friends take us on their journey from Barry to Billericay. Fans will delight at materials such as Gavin and Stacey's family trees, character profiles, maps of Barry and Billericay with key sights and landmarks, Pams favorite vegetarian recipes including the cheese omelette, Nessas secret diary including how she really met John Prescott, Gavin and Stacey's e-mails before they met, Smithys top nights out in Billericay, script extracts, jokes, quizzes, and crosswords. The making of the show is also detailed, including outtakes, the original treatment, unseen photos, and much more.
