Roald Dahl : George's Marvellous Medicine before purchasing it in order to gage whether or not it would be worth my time, and all praised George's Marvellous Medicine:

1 of 1 people found the following review helpful. Come on..... it's Roald Dahl ...By D. DigregorioCome on.....it's Roald Dahl.....need i say more?1 of 1 people found the following review helpful. My five-year old daughter thought

this book was pretty hilarious. George's grandmother is a pretty terrible person ...By Sarah RMy five-year old daughter thought this book was pretty hilarious. George's grandmother is a pretty terrible person and my daughter was shocked at some of the things she said to George. It was a good opportunity for us to talk about how we talk to and treat each other and how awful the grandmother in the book was. Overall, it's a pretty fun book.0 of 0 people found the following review helpful. GoodBy Adreena GregorekMy Son absolutely loves this Author. Again this is another book my Son asks for more of. Roald has a way to get the kids adults reading his books attention.

George lives on a farm, managed by his mother and father. Their lives are thrown into disarray by the arrival of Grandma, who behaves appallingly. George tries to make her 'better' by creating a marvelous medicine, which has the most extraordinary effect on Grandma, who grows and grows until she bursts through the ceiling. George's father realizes that the magic medicine could work on his farm animals, providing extra food to help feed a hungry world. But attempts to make more medicine lead to hilarious and frustrating happenings... The play uses puppets to considerable effect, plus a Giant Chicken, played by an actor.

About the AuthorQuentin Blake has illustrated more than three hundred books and was Roald Dahl's favourite illustrator. In 1980 he won the prestigious Kate Greenaway Medal. In 1999 he became the first ever Children's Laureate and in 2013 he was knighted for services to illustration.
