J S Lubandi : German Word Search Puzzles (Volume 1) (German Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised German Word Search Puzzles (Volume 1) (German Edition):

0 of 0 people found the following review helpful. Random words from the dictionaryBy Audrey's momI thought this would be a fun activity for the kids as they learn German. I assumed that each puzzle would have a theme (animals, transportation, etc.), but they're just random words, many of which are borrowed from English. For example, the first

puzzle includes "City" and "Piercing." Even worse, it contains the f word in German! So much for "Hours of challenging fun for all ages." 0 of 0 people found the following review helpful.
