Bill Burton : Get the Edge At Low-Limit Texas Hold'em (Scoblete Get-The-Edge) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Get the Edge At Low-Limit Texas Hold'em (Scoblete Get-The-Edge):

0 of 0 people found the following review helpful. Excellent Book for Improving your game By John Paul I am only 25% of the way through this book and my game on the internet has improved greatly. I am no longer going to the cashier for chips. The book is well written, easy to understand, provides hands on examples and personal experience

on much of the authors strategy and playing technique. Even if you do not intend to play for money, this book will make the game of Texas Hold'em more enjoyable as you will understand the dynamics of the game...0 of 0 people found the following review helpful. texas holdem By paul m killy it was exactly what i needed to improve my poker game and i would recommend it to any one trying to improve their game 0 of 0 people found the following review helpful. poker book By Carol This is a great poker book. I did have to return it since it was a duplicate of a book my husband already had but it is a good book to learn about Texas Hold'em.

Low-Limit Texas Hold'em is the fastest-growing casino poker game. But new player often come to the poker rooms completely unprepared to play a winning game. This book is filled with strategies for success!

About the Author Bill Burton (Annapolis, MD) is a member of Chesapeake's technical and training staff. Bill has been working with Cisco routers since 1991 and became a CCIE in 1994. He also has been teaching Cisco courses for the past five years.
