1 of 2 people found the following review helpful. Nice translation, but poor printing job!By Elaine CraneThis public domain translation is nice (with some quaint antiquated language.) The trouble is that the Italian is on one leaf of a page, and the English is on the back, so they are difficult to compare side by side because you have to keep flipping the page back and forth! This is an unfortunate detail, because otherwise there are many quality aspects of this publication, including lovely cover art.
