That means I can erase when necessary without ruining the page. :) This is my current favorite Kakuro book series. 0 of 0 people found the following review helpful. Puzzles are TOO hard. By Kindness PaysI prefer the puzzles in volume one. They were much easier to do. 0 of 0 people found the following review helpful. T2By HZTPresent, they enjoyed it.

Welcome to this fantastic collection of 100 GIANT kakuro puzzles, in a huge 20x20 grid size. These puzzles are great for challenging the grey matter as they require multiple skills to solve. Full instructions and handy solving clues are featured inside to help get your head around this challenging but brilliantly rewarding and fun puzzle. A good kakuro

puzzle is one that has a unique solution (all of ours have one unique solution) that can be reached without guessing (again, pure logic and number skills are needed to solve our kakuro). This is the most important thing to state as if you ever get stuck, know that there is a logical method you can use to solve the puzzle and you never need to resort to guessing. All puzzle books are printed on very high quality paper making the puzzle experience all the more enjoyable. For other puzzle books, visit us at www.puzzle-book.co.uk
