Great Due To The Circumstances By Deanna The hard-to-find Large Print Sudoku came when listed and was very well packaged. truly a great buy being that I could find them in the stores. However, I do feel that if found in stores I would have not ordered this product due to the cost of the book plus shipping and handling. This is one product that is good yet I feel is over-priced yet in demand due to not being able to find in stores. My opinion 0 of 0 people found the following review helpful. Welcome to this amazing collection of 100 fantastic GIANT print sudoku puzzles. This book contains 100 giant print

grids, which are all 9 x 9 in size. All you have to do is to place each number from 1 through to 9 exactly once in each of the nine horizontal rows and the nine vertical columns that compose each grid. In addition each 3x3 bold-lined region of 9 cells must contain the numbers from 1 - 9 exactly once. That is all that there is to it! If you are in any doubt as to what a solved puzzle looks like, simply take a moment to turn to the solutions at the back and look at a few of the grids.
