From Cherry Lane Music : Gilbert and Sullivan for Easy Piano (Easy Piano (Hal Leonard)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gilbert and Sullivan for Easy Piano (Easy Piano (Hal Leonard)):

GS made easy for piano but hard for the wallet By Henry Steinberger I (luckily) borrowed this from the library and found it perfect for my limited capacity as a pianist and would have snatched it up at its list price, but is it worth over \$30? Not to me. I'll just borrow it again from the library until I've added it to my repertoire - or at least until some b@st@rd steals the library copy as so often happens once something becomes worth too much. That was my experience with Severn Darden's "The Sound of my Voice (and other noise)" stolen from our library in 1977 or '78 and now valued around \$80 on E-bay. So maybe it is a bargain - or maybe this should tell the publisher to re-release it. Go for it, rich people. Guess I'm getting a bit disgusted with

capitalism and its impact on art.
