F J Haydn : Gloria Canon 2 Part - 2-pt - Sheet Music before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gloria Canon 2 Part - 2-pt - Sheet Music:

Sheet Music - Gloria Canon 2 Part. - This delightful offering is based on a well-known melody by Franz Joseph Haydn. It features additional original music and a traditional Latin text that works well in both secular and sacred arenas, as well as for Christmas concerts. This setting, with an accompaniment in Baroque style, is a fine introduction to contrapuntal singing for developing choirs. - 2-pt - C Inst - F J Haydn - Donald Moore. - Sing Out Series - Heritage Music Press - 9/1/1998
