Glorious 39 is the screenplay of the new blockbuster film by award-winning writer/director Stephen Poliakoff released in cinemas in November 2009. In this tense psychological thriller set on the eve of WWII, a young woman stumbles

across evidence of a sinister Nazi appeasement plot that will stop at nothing to achieve its aims. As close friends die in suspicious circumstances, she finds herself in extreme danger from an increasingly menacing and powerful enemy. Besides the screenplay the book features an exclusive QA with writer/director Stephen Poliakoff, a colour photo section and full cast and production credits. The film features a stellar cast of leading British actors: award-winning British actress Romola Garai (*Atonement*), alongside BAFTA-winning actor Bill Nighy (*Love Actually*). They are joined by Oscar-winning actress Julie Christie (*Finding Neverland*), Eddie Redmayne (*The Other Boleyn Girl*), David Tennant, Charlie Cox (*Stardust*), Jeremy Northam (*Gosford Park*) and the legendary Christopher Lee (*Lord of The Rings*) as Walter. *Glorious 39* is writer/director Stephen Poliakoff's return to the cinema after an absence of a decade since his previous feature films which include the multi-award winning *Close My Eyes*.

'*Glorious 39* is of scorching relevance.' Baz Bamingboye
