I got a Go Pro recently as a gift, and I love it but had no idea how to edit videos. This guide was perfect, it taught me everything I needed to know. The instructions were easy to understand and very clear and thorough. Now I'm editing all my videos like a pro! Really glad I bought this.If you have no clue how to edit videos, or if you're in the early stages of learning, buy this guide!!!0 of 0 people found the following review helpful. okBy Philip HoggNot exactly what I was looking for.1 of 1 people found the following review helpful. so the explanation of usage of Adobe Premiere in this book was so easy for meBy Polly ZingerI used to use Adobe products to edit my photos, so the explanation of usage of Adobe Premiere in this book was so easy for me. But the availability of both programs (Final Cut and Adobe Premiere) is useful for those who is choosing the program. Very nice tutorial for beginners.

If you notice you are uncomfortable or are not satisfied with some video editing functions in the standard GoPro camera software, then you are on your way to the development of other programs outlined in this book. The features work in two widely used video editors and there are screenshots for a better understanding of the way various functions work. Also considered one of the most interesting features time-lapsing camera. These two video editing software are the top editing tools out there in the market and the basics that this book covers will definitely make it really easy for you to edit or polish your GoPro videos on your own without having to spend some real cash on editing professionals. The book is useful to any novice users of GoPro cameras, especially for travelers.
