**Silhouette : Golden Age Radio-Mystery** before purchasing it in order to gage whether or not it would be worth my time, and all praised Golden Age Radio-Mystery:

11 of 13 people found the following review helpful. Great! But Orson Welles is not among the artists here.By Allegra@Prodigy.NetThis is certainly a worthwhile set of tapes for anyone who is interested in or who enjoys listening to old-time radio programs. However, although it is listed among items featuring Orson Welles, those who may be purchasing it in the hope of hearing some of Welles's classic radio dramatizations need to know that Welles is NOT on these tapes.

Old-time radio programs have continued to entertain listeners for years. This collection will certainly be no exception to the ever growing popularity of this type of entertainment. Selections include "Sherlock Holmes," "Abbott Costello," "The Green Hornet," "Fibber McGee" and many others. 4 cassettes.
