Frank Scoblete : Golden Touch Blackjack Revolution before purchasing it in order to gage whether or not it would be worth my time, and all praised Golden Touch Blackjack Revolution:

Training software is good and is better after 25 dollar up grade. Good chapter on how to use the software. Every thing you need to get up to speed on using speed count including altered basic strategy. It remains to be seen if it works. I struggle keeping track of count and playing my hand. It takes some

practice to not count the dealers hand and focus on the number of low cards only.0 of 0 people found the following review helpful. GREAT BOOK, FOR INFO ON BLACKJACKBy john sGREAT BOOK, FOR INFO ON BLACKJACK, AND BOOK WAS IN PERFECT SHAPE.0 of 0 people found the following review helpful. Pretty GoodBy AudreyThe book was purchased for my husband. He told me that he truly enjoys it. It has taught him a lot about black jack as well as many other interesting facts.The only thing that was a disappointment was that it came with a cd to download on the computer.My husband thought that it came with a DVD showing you strategies and examples of card counting. He said that would have been very helpful.
