Along with the word search, the unused letters make a word. Very few of these on market!1 of 1 people found the following review helpful. Great Book.By The History ReaderMy Mom loves these books. She has had me order them multiple times. They are a nice sized print for those with vision issues and the spiral bound makes them easy to work in.0 of 0 people found the following review helpful. Four StarsBy Patricia A FersnerFor my mom who loves word search books

These word searches are for solvers with gourmet tastespuzzle fans for whom only the best will do! Each titled search features a themed wordlist, and the wide-ranging topics provide a smorgasbord of fun. And just for a little extra enjoyment, when the puzzle is done, the unused letters in the grid spell out an additional message.
