Dimension Publishing : Grandia (Prima's Official Strategy Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Grandia (Prima's Official Strategy Guide):

0 of 0 people found the following review helpful. Four Stars By Betty D Jones I have no problem with this book, Did received in a timely manner Thank You
0 of 0 people found the following review helpful. Five Stars By James Patrick was very happy with the book
3 of 5 people found the following review helpful. Grandia guide review By Christopher Robinson I have seen many reviews for this guide and most of them were negative. I pretty much disagree, I think this guide is actually pretty good! In my opinion I think the book gives some pretty useful information that should guide you through the game in a step by step process which should be pretty easy to understand. The only problems I have with this guide is that it does not cover the bonus dungeons of the game and also spoils some of the games plot. This guide may not be the right choice for everyone but personally, I don't think its that bad. I give this guide a 7 out of 10.

Over 1,000 full-color screen shots help describe the world Grandia in full detail. Complete listing of all items, weapons, magic, and equipment. Step-by-step walkthrough leads players through all of Justin's adventures.
