The great Family Song Book:A Treasury of Favorite Show TunesBy MadogSteve0323I am currently taking singing lessons and I needed a good spiral bound songbook with easy-to-read music for both piano and guitar.I was also looking for a book which had familiar songs which I knew . This songbook was exactly what I was looking for. I liked it so much, that I went and ordered another copy for my singing teacher so she could practice playing the various selections on the piano. I also liked how the songs were categorized by their types of musical time periods.1 of 1 people found the following review helpful. ... had a lot of the songs I remember and loved from when I was very youngBy Susan D.
