Ludwig van Beethoven, Felix Mendelssohn, Peter Ilyitch Tchaikovsky, Music Scores : Great Romantic Violin Concertos in Full Score (Dover Music Scores) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Great Romantic Violin Concertos in Full Score (Dover Music Scores):

0 of 0 people found the following review helpful. Wonderful for listening your favorite recording. By Mario Cruz It was a very nice surprise when this book arrived. It has the three romantic concertos I like the most. It is not for playing (it contains the orchestral score including the soloist part) but for listening with my favorite recordings of each. 0 of 0 people found the following review helpful. The paper quality is too thin and it sticks together ... By Emilio Colon The paper quality is too thin and it sticks together. This unfortunately makes it nearly impossible to turn pages in

performance. 0 of 1 people found the following review helpful. Perfect! By Braden
Came in excellent condition! Crystal Clear!

This volume presents three of the most popular violin concertos, published together in one volume for the first time: Ludwig van Beethoven: Concerto for Violin and Orchestra in D Major, Op. 61 Felix Mendelssohn: Concerto for Violin and Orchestra in E Minor, Op. 64 Peter Ilyitch Tchaikovsky, Concerto for Violin and Orchestra in D Major, Op. 35 Beethoven's masterwork explored the dimensions of the classical concerto and established the form for violin concertos ever after. Grove's Dictionary calls Mendelssohn's composition, "one of the most significant works in the genre." And Tchaikovsky's concerto is regarded as one of his greatest works. Reproduced from authoritative editions, this sturdy, inexpensive volume is a perfect addition to the libraries of any serious violinist, student, and musicologist. It is also an excellent way for music lovers to fully appreciate the concerto form and the powerful intelligence of three masterworks.

About the Author The triumphant genius of Ludwig van Beethoven (1770-1827) casts a long shadow over classical music no other composer of the past two centuries has exercised an influence more profound than his. A product of the classicist generation, he was the first of the Romantics, and his exhilarating works remain undiminished in their powers of enchantment.
