Curious about the origin of the "d'oh" from the Simpsons? Read Parrish's account of doing the same thing in the 1920's as one of the Little Rascals. Highly recommended6 of 7 people found the following review helpful. A True Hollywood TestamentBy JamesIf there is any person who has grown up in the classic Hollywood era, it is none other than Robert Parrish. Taking on the challenges and heart-ships of paving the way in film, Parrish proves himself to have a genuine knowledge of the industry. He takes his own experiences and expresses them in ways that keep you rolling through the chapters. A true testimony of a time when film was something more than box office and demographics.
