The book was soft covered and in perfect shape. It seemed to be a very well-written guide book for the Tarot of the Sephiroth.1 of 1 people found the following review helpful. wonderful!By Tracy Lynne RunyanAmazing so happy to receive only the guide and not have to buy the entire tarot set especially because it is out of print. following review helpful. Good but too advanced for meBy GaddijjI bought the Tarot cards associated with this book before I bought the book that was a bad idea. If you are really knowledgeable of the Kabbalah and Hebrew you'll love this book. The book is meant to be a meditative tool for a person that believes in the tree of life symbolism associated with Kabbalah. I just bought the deck because I like the artwork of the cards. The book reads like stereo instructions for divination. I believe that to truly appreciate this book would be to already have a good working understanding of the Tree of Life concept of Kabbalah before you bought the book. If that is your thing enjoy.

The ancient wisdom of the Tree of Life is revealed to those who seeks its truth in the Guide to the Tarot of the Sephiroth. The Tarot-Qabalah connection is brought to life through a diagram of the spheres and paths that embody the mysteries of the universe and the creation process.

Like all great systems, while limitless in possibilities, it is simple in essence."
