Well received by 2 gamers..By Safety CzarA 28 year old step-grandson who is a whiz computer person, and his 16 year old brother, also a whiz with computers, both remarked about this book in a very favorable manner. Both have developed games, and found this most interesting. 1 of 1 people found the following review helpful. Some of the facts in this book will stump you By Tim This is Christmas gift. It was not wrapped in any plastic. Just book. So I read it. Interesting articles. Book is hardback and bright in color. This book has a lot of trivia in it. If anyone still gives a trivia party this book would put you leaps on everyone else. Last trivia party I went to. Everyone wrote on slips of paper different trivia questions and answers. The slips were put in hat. One person pulls slip of paper out of hat and ask question. Who ever answers it write get points. Or just leave it in bathroom to read

when going 10-200 if you get my drift.0 of 0 people found the following review helpful. Fun for kids and adults. I buy these every year for my son, but everyone enjoys looking through it. By J. Kellerman I get these every year for my son, even though he has kind of outgrown them, he still likes them. I almost skipped this year but he said he is really glad I got it again. He has a collection. I think it's a fun book to browse and although he is almost 14 now, during the years when he was between the ages 8-12 he excitedly went into hiding every year and read them cover to cover. They are picked up again and again throughout the year by him and his friends, so I know they were well liked. The stories peaked interest and curiosity, and prompted many interesting discussions. Some of it is downright weird, but fun and interesting for kids and adults. Some of it is a little gross, but that is probably the most appealing thing to kids, lol.
