Lots of fun too. 0 of 1 people found the following review helpful. for the beginning movie buff By sidly I have had Halliwell guides for years but did not know this abbreviated edition. It's okay, I used the copies I bought as gifts for some friends not as wrapped up in data and film arcana as I am. 0 of 2 people found the following review helpful. A MUST for movie fans By Joseph Tedesco The title may seem a bit stuffy or self-satisfied but it's not far from the mark. The information for each film is abundant - everything you'd possibly care to know and then some, all in remarkably concise form. While it doesn't claim to present all films, or even all of the greatest films, you probably won't mind given the size and weight of this hefty publication. A British production, it admits to favoring England's films while including generous offerings from everywhere else. The main review for each is a lesson in succinct

expression and is usually followed by equally succinct and sometimes contradictory comments from other noteworthy sources. A can't miss gift for the movie fan in your life.

Starting with the black-and-white classics and continuing through the golden period of the 1970s and right up through modern-day blockbusters, the world's best films are compiled in this definitive film guide from Halliwell's. A plot synopsis for each film is provided along with helpful icons that denote Academy Award winners and nominees, as well as complete information on release dates, soundtrack availability, and key actors, producers, and directors. Fully updated and beautifully designed, this is the ultimate guide to the 5,000 must-see movies of all time.

'I just wish I could be as concise, accurate, well balanced and full of love for the movies as Halliwell's manages to be year after year.' Simon Bates, Classic FM, Christmas 2005`At the end of the day, Halliwell's is top of the pile.' Film`The King Kong of movie reference works.' Mail on Sunday`The indispensable reference guide for the avid moviegoer's bookshelf.' Empire`Often imitated, never bettered.'
